HEALTH LABORATORY SCIENCE

VOLUME 11, 1974

INDEX

	PAGES		
January	1–54	July	169–258
April	55–168	October	259–375

INDEX TO VOLUME 11, 1974

(Titles and Authors)

A

A Critique of Microbiologic Sampling Programs. Eickoff, T. C. 73
A Method for the Detection of Drugs of Abuse in Urine. Wislocki, A., Martel, P., Ito, R., Dunn, W. S., and McGuire, C. D. 13
A Trap and Filtration Apparatus for Vacuum Lines. Irwin, J. 195
An Evaluation of Commercially Supplied Transgrow and Amies Media for the Detection of *Neiserria gonorrhoeae*. Chapel, T., Smeltzer, M., Printz, D., Dassel, R., and Lewis, J. 28
An Environmental Monitoring Program and Its Impact on Infection Control. Fahlberg, W. J. 76
Another Look at the Statistical Analysis of Changes during Storage of Serum Specimens. Bayard, S. 45
Axnick, K., et al. Infections and Antibiotic Use in a Large Municipal Hospital 1970–1972 283

B

Barnett, R. N. et al. How Many is Enough? A Statistical Study of Proficiency Testing of Syphilis Serology Specimens 299
Bartlett, R. C. The Hospital Laboratory: Its Total Responsibility as a Working Member of the Infection Control Committee 80
Bayard, S. Another Look at the Statistical Analysis of Changes during Storage of Serum Specimens 45
Berg, G. et al. BGM, A Continuous Cell Line More Sensitive Than Primary Rhesus and African Green Kidney Cells for the Recovery of Viruses from Water 275
Berkman, J. I. et al. The Post-Mortem Microbiological Analysis as an Indicator of Noscomially-Significant Microorganisms in the Hospital Environment 85
Berman, D. et al. BGM, A Continuous Cell Line More Sensitive Than Primary Rhesus and African Green Kidney Cells for the Recovery of Viruses from Water 275

BGM, A Continuous Cell Line More Sensitive Than Primary Rhesus and African Green Kidney Cells for the Recovery of Viruses from Water. Dahlberg, D. L. Berg, G., and Berman, D. ... 275
Book Reviews ... 50, 104, 210, 312
Burkhart, H. E., Sullivan, A. D., and Newton, C. M. Views on the Use of 'Canned' Computer Programs for Statistical Analyses ... 40

C

Carpeting in Hospitals: A Status Review. Shaffer, J. ... 57
Chapel, T., Smeltzer, M., Printz, D., Dassel, R., and Lewis, J. An Evaluation of Commercially Supplied Transgrow and Amies Medium for the Detection of *Neiserria gonorrhoeae* ... 28
Chaney, T. et al. Methods to Determine CO_2 Levels in a Gonococcal Transport System ... 65
Chen, N. C., Hipp, S. S., Lawton, W. D., and Gaafar, H. A. Gonogrow, An Improved, Selective Medium for the Isolation of *Neisseria gonorrhoeae* ... 173
Cicchetti, D. V., Keitges, P., and Barbett, R. N. How Much is Enough? A Statistical Study of Proficiency Testing of Syphilis Serology Specimens ... 299
Collins, D. E. et al. Evaluation of Skin Cleansing Procedure Using the Wipe-Rinse Technique ... 182
Colonization of the Soil by *Histoplasma capsulatum*. I. Factors Affecting its Continuity in a Given State. Hasenclever, H. F., and Piggott, W. R. ... 197
Comments on "Views on the Use of 'Canned' Computer Programs for Statistical Analyses." Laessig, R. H., Schwartz, T. H., Indrikson, A., and Miran, D. E. ... 43
Competitive Growth of *Salmonella* and *Pseudomonads* in Tetrathionate Enrichment Broth. Gundstrup, A. S. P. 25

D

Dahlberg, D. R., Berg, G., and Berman, D. BGM, A Continuous Cell Line More Sensitive Than Primary Rhesus and African Green Kidney Cells for the recovery of Viruses from Water ... 275
Dassel, R. et al. An Evaluation of Commercially Supplied Transgrow and Amies Medium for the Detection of *Neisseria gonorrhoeae* ... 28
Davies, A. M. et al. Sensitivity of Serological Tests and the Diagnosis of Streptococcal Sore Throat in Children ... 178
Davis, E. M. and Keen, S. R. Municipal Wastewater Bacteria Capable of Surviving Chlorination ... 268
Dunn, W. S. et al. A Method for the Detection of Drugs of Abuse in Urine ... 13

E

Editorials ... 1, 55, 167
Eickoff, T. C. A Critique of Microbiological Sampling Programs ... 73
Environmental Microbiology and Infection Control Programs in Health Care Facilities: Introductory Remarks. Herman, L. G. ... 69
Environmental Monitoring in a Community Hospital. Shaffer, J. ... 293
Epidemiology of Cryptococcosis: I. Environmental Distribution of Cryptococci in Oklahoma. Felton, F. G., Muchmore, H. G., and McCarthy, M. A. ... 201
Epidemiology of Cryptococcosis II. Evaluation of Patients' Environment. Felton, F. G., Muchmore, H. G., McCarthy, M. A., Monroe, P. W., and Rhoades, E. R. ... 205
Evaluation of a Screening Procedure for the Isolation of Beta-hemolytic Streptococci. McGonagle, L. A. ... 61
Evaluation of Skin Cleansing Procedures Using the Wipe-Rinse Technique. Petersen, N. J., Collins, D. E., and Marshall, J. H. ... 182
Ever-Hadani, P. et al. Sensitivity of Serological Tests and the Diagnosis of Streptococcal Sore Throat in Children ... 178

F

Fahlberg, W. J. An Environmental Monitoring Program and its Impact on Infection Control ... 76
Felton, F. G., Muchmore, H. G., and McCarthy, M. A. Epidemiology of Cryptococcosis: I. Environmental Distribution of Cryptococci in Oklahoma ... 201
Felton, F. G., Muchmore, H. G., McCarthy, M. A., Monroe, P. W., and Rhoades, E. R. Epidemiology of Cryptococcosis: II. Evaluation of Patients' Environment ... 205

H

Halfon, S-T. et al. Sensitivity of Serological Tests and the Diagnosis of Streptococcal Sore Throat in Children . 178
Harrenwijn, G. A., et al. Standardization of the Selective Inhibitory Effect of Surface Active Compounds Used in Media for the Detection of *Enterobacteriaceae* in Foods and Water ... 260

Hasenclever, H. F., and Piggott, W. R. Colonization of Soil by *Histoplasma capsulatum*. I. Factors Affecting Its Continuity in a Given State 197
Health Sciences Curricula: Public Health Microbiology and Medical Laboratory Technique. Lindberg, L. H. .. 34
Herman, L. G. Environmental Microbiology and Infection Control Programs in Health Care Facilities: Introductory Remarks 69
Hipp, S. S. et al. Gonogrow, An Improved Selective Medium for the Isolation of *Neisseria gonorrhoeae* 173
Hospital Accreditation Standards for Infection Control. Laufman, H. 71
How Many is Enough? A Statistical Study of Proficiency Testing of Syphilis Serology Study. Cicchetti, D. V., Keitges, P., and Barnett, R. N. 299

I

Indrikson, A. et al. Comments on "Views on the Use of 'Canned' Computer Programs for Statistical Analysis". 43
Infection Control Program in Austrian Hospitals. Werner, H. P. 99
Infections and Antibiotic Use in a Large Municipal Hospital 1970-1972. A Prospective Analysis of the Effectiveness of a Continuous Surveillance Program. Shoji, K. T., Axnick, K., and Rytel, M. W. 283
Intersociety Committee Methods of Ambient Air Sampling and Analysis—Revision of Section 2 of Part I. General Precautions and Techniques. Manual of the Intersociety Committee, "Methods of Air Sampling and analysis." Washington, D.C. 1972 256
Intersociety Committee Methods of Ambient Air Sampling and Analysis. State-of-the-Arts Reports
Preface 347
Mass Emissions of Particulate Matter 366
Methods for Measurement of Nitrogen Oxides in Automobile Exhaust 360
Sampling and Analytical Techniques for Mercury in Stationary Sources 348
Source and Ambient Air Analysis of Sulfur Trioixde and Sulfuric Acid 246
Source Sampling for Fluoride Emissions from Aluminum, Steel, and Phosphate Production Plants 354
Intersociety Committee Methods of Ambient Air Sampling and Analysis—Tenative Methods
Errata 167
Tentative Method for Continuous Analysis of Methane in the Atmosphere (Flame Ionization Method) 43201-01-73T 156
Tentative Method for Continuous Monitoring of Atmospheric Sulfur Dioxide with Amperometric Instruments 42401-0174T 336
Tentative Method for Determination of the Size Distribution of Atmospheric Particulate Matter by Weight (Cascade Impactor Method) 11101-01-74T 326
Tentative Method of Analysis for Ammonia in the Atmosphere (Nitrite Method) 42604-02-73T 151
Tentative Method of Analysis for Atmospheric Nitrogen (24-hour Average) 42602-03-73T 147
Tentative Method of Analysis for Cadmium Content of Atmospheric Particulate Matter by Atomic Absorption Spectroscopy 12110-02-73T 112
Tentative Method of Analysis for Elemental Mercury in Ambient Air by Collection on Silver Wool and Atomic Absorption Spectroscopy 42204-01-74T 342
Tentative Method of Analysis for Iron Content of Atmospheric Particulate Matter by Atomic Absorption Spectroscopy 12126-03-73T 117
Tentative Method of Analysis for Lead Content of Atmospheric Particulate Matter by Atomic Absorption Spectroscopy 12128-02-73T 122
Tentative Method of Analysis for Manganese Content of Atomospheric Particulate Matter by Atomic Absorption Spectroscopy 12132-02-73T 128
Tentative Method of Analysis for Ozone in the Atmosphere by Gas-Phase Chemiluminescence Instruments 44201-01-73T 162
Tentative Methods of Analysis for Polynuclear Hydrocarbons in Coke Oven Effluents 11104-03-73T 218
Tentative Methods of Analysis for Polynuclear Aromatic Hydrocarbons in Automobile Exhaust 11104-04-73T 228
Tentative Method of Analysis for Primary and Secondary Amines in the Atmosphere (Nihydrin Method) 43724-01-73T 159
Tentative Method of Analysis for Zinc Content of Atmospheric Particulate Matter by Atomic Absorption Spectroscopy 12167-01-73T 134
Irwin, J. A Trap and Filtration Apparatus for Vacuum Lines 195
Isenberg, H., Painter, B. G., Berkman, J. I., Philipson, L., and Tucci, V. The Post-Mortem Microbiological Analysis as an Indicatior of Nosocomially-Significant Microorganisms in the Hospital Environment 85
Ito, R. et al. A Method for the Detection of Drugs of Abuse in Urine 13

J

Janssen, W. A. Oysters: Retention and Excretion of Three Types of Human Waterborne Disease Bacteria 20

K

Kaplan, O., Halfon, S-T., Ever-Hadini, P., and Davies, A. M. Sensitivity of Serological Tests and the Diagnosis of Streptococcal Sore-Throat in Children 178
Keen, S. R., et al. Municipal Wastewater Bacteria Capable of Surviving Chlorination 268
Kietges, P., et al. How Much is Enough? A Statistical Study of Proficiency Testing of Syphilis Serology Specimens 299

L

Laessig, R. H., Schwartz, T. H., Indrikson, A., and Miran, D. E. Comments on "Views on the Use of 'Canned' Computer Programs for Statistical Analysis" 43
Laufman, H. Hospital Accreditation Standards for Infection Control 71
Lawton, W. D., et al. Gonogrow, An Improved Selective Medium for the Isolation of *Neisseria gonorrhoeae* .. 173
Lennette, E. Guest Editorial. Should the Laboratory Section Seek Another Home? 170
Lennette, E., et al. Sensitivity of Radioimmunoassay for Hepatitis B Antigen in Diagnostic and Survey Work .. 4
Lewis, J., Gorman, G., and Chaney, T. Methods to Determine CO_2 Levels in a Gonococcal Transport System (Transgrow) 65
Lewis, J. et al. An Evaluation of Commercially Supplied Transgrow and Amies Media for the Detection of *Neisseria gonorrhoeae* 28
Lewis, V. J., and Thacker, W. L. Limitations of Deteriorated Tissue for Rabies Diagnosis 8
Limitations of Deteriorated Tissue for Rabies Diagnosis. Lewis, V. J., and Thacker, W. L. 8
Lindberg, L. H. Health Sciences Curricula: Public Health Microbiology and Medical Laboratory Technology . 34
Litsky, W. et al. The Use of Sodium Sulfite as a Neutralizer for Evaluating Povidine-Iodine Preparations 188

M

Marshall, J. H., et al. Evaluation of Skin Cleansing Procedures Using the Wipe-Rinse Technique 102
